

LGN COMMUNITY CHOIR - WEB SITE

A few months ago it was decided that the LGN website was to be upgraded. This upgrade is now complete. The website will be available at the usual domain www.lgncommunitychoir.co.uk or www.lgncc.co.uk and as such the general public will have a seamless migration from the old site to the new.

There is no registration required to view the site areas available to the general public. However, as part of the upgrade process a new “**Members Only**” area has been added to the LGN website. This area of the site is only accessible to registered members, whose access will be granted by the site administrator.

The pages available within the **Members Only** area are:-

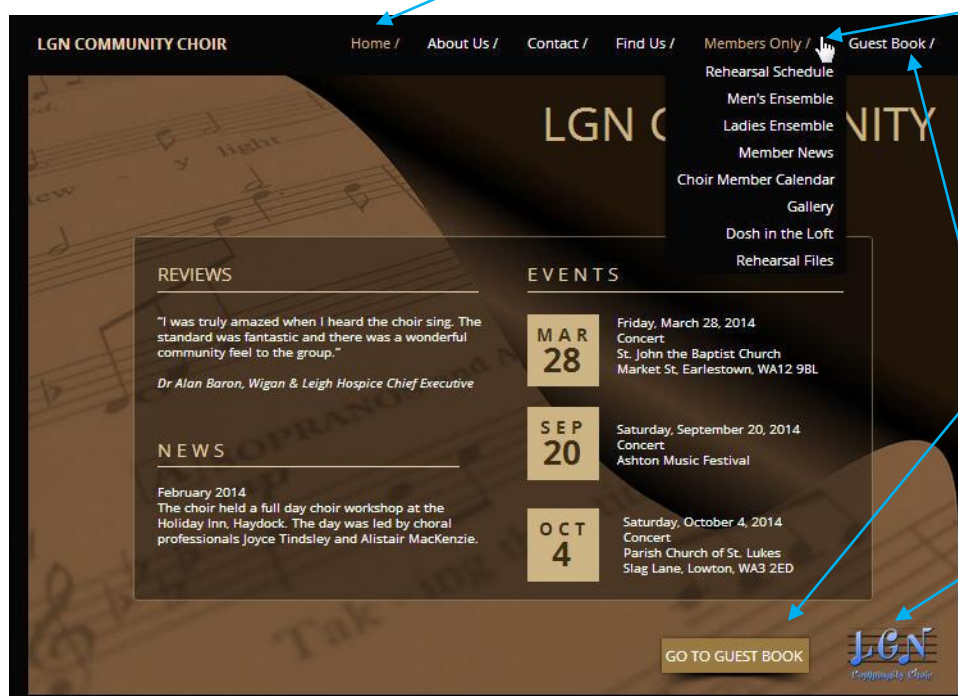

- **What's New** - links to pages that have been added or updated.
- **Member News** - general information and notices.
- **Rehearsal Schedule** - details of what pieces will be covered at rehearsal in the near future and their proposed concert usage.

- **Choir Member Calendar** - details of any events, extra rehearsals, concerts, etc,. This information is in diary form.
- **Ladies Ensemble** - details of ensemble repertoire, contact details and any news pertinent to the ensemble.
- **Men's Ensemble** - details of ensemble repertoire, contact details and any news pertinent to the ensemble.
- **Rehearsal Files** - mp3 files of each part (SATB and piano) available for download. These are the files that are used to create the rehearsal CDs
- **Gallery** - any photographs submitted for sharing amongst choir members but not intended for consumption by the general public
- **Dosh in the Loft** - any articles offered FOC or sale by members of the choir.
- **Documents** - various information in pdf format for viewing or download.
 - Misc Documents
 - Sheet Music
 - Lyrics
 - Financial Reports
 - Committee Meeting Minutes.
- **Interest Groups** - general information and notices associated to the following.
 - Theatre Group
 - Book Group
 - Walking Group
- **Local Community Events** - general information and notices about events and activities that are happening in the local area which choir members wish to be circulated.

If you wish to view the **Members Only** pages of the site you will need to register. Details on how to do this are in the instructions below.

Initial Registration for new users

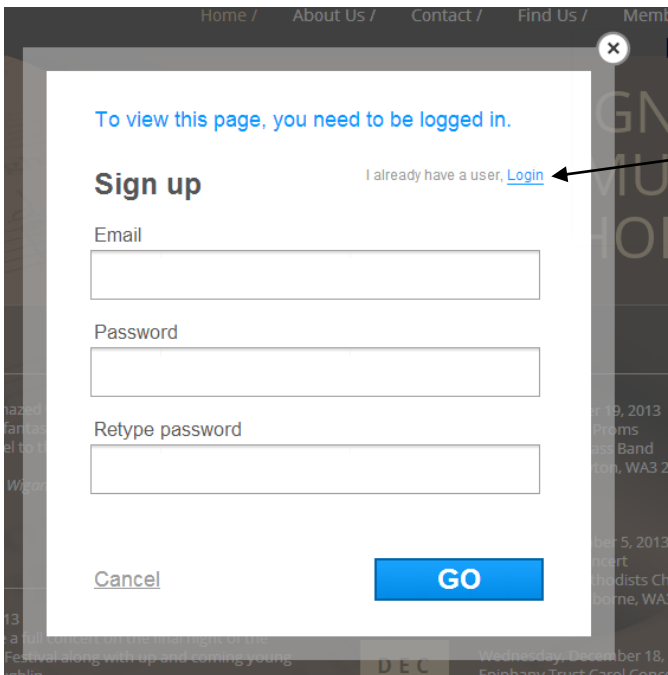

The screenshot shows a web browser window with a navigation bar at the top containing links: Home / About Us / Contact / Find Us / Members. A modal window titled "Sign up" is displayed in the center. At the top of the modal, it says "To view this page, you need to be logged in." and "I already have a user, [Login](#)". The form contains three input fields: "Email", "Password", and "Retype password". Below the fields are two buttons: "Cancel" and "GO".

Annotations with arrows pointing to the form fields:

- Enter your email address (points to the Email field)
- Enter a password
You will use this to sign (points to the Password field)
- Re-enter password. (points to the Retype password field)
- Click go to submit request (points to the GO button)

Upon completion your request for site membership will be submitted to the administrator for approval. Once approved, you will be notified by email and access to the members area will then be available to you.

Signing in as a Registered User

The screenshot shows the same "Sign up" modal window as above. The navigation bar and modal content are identical. An annotation points to the "Login" link in the text "I already have a user, [Login](#)".

Annotations:

- This is what you see. (points to the modal window)
- Because you are a registered user you need to click on Login (points to the [Login](#) link)

You will then see this . fill in email and password you used to register and click here.

To view this page, you need to be logged in.

These are the rehearsal files that have been used to compile the learning CDs which have been distributed at choir in the past. All the files are in MP3 format. This format is a compressed format that utilises less space and is compatible with most portable devices such as iPads, iPods and other mp3 players. It is possible to download these files to a PC for conversion and burning to a regular audio CD using software such as Windows Media Player, iTunes, Nero, etc.
